

Custom Decal/Wall Graphic Installation Guide

DRY METHOD (FOR SMALL TO MEDIUM APPLICATIONS):

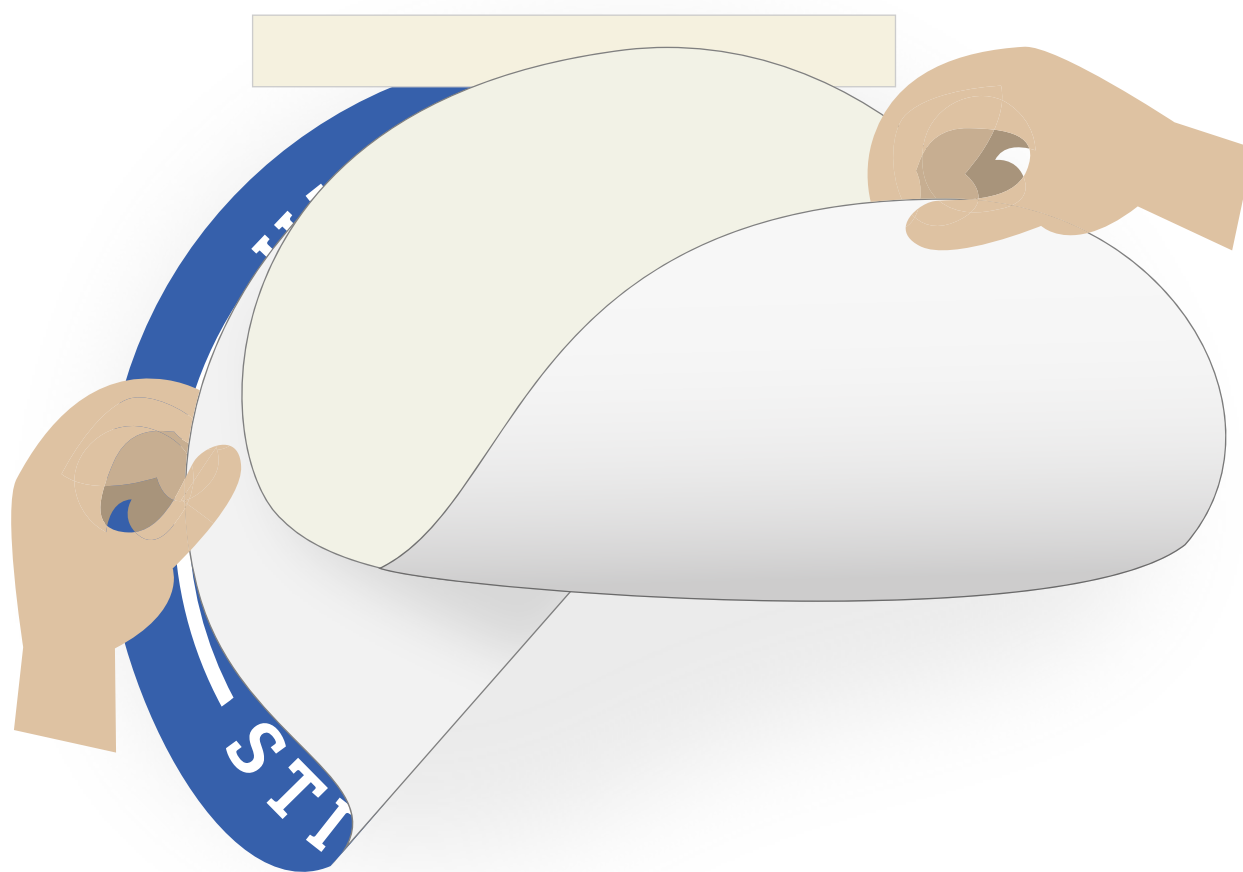

- 1 Clean the surface to which the decal is to be applied.

- 2 Place decal on desired location and create a hinge by applying tape on the top.

- 3 Raise up your decal and peel the backing paper.

- 4 With the adhesive exposed, stick your decal from the top going down the bottom. Squeegee your decal working from the center to the edges of the graphic.

- 5 Carefully remove the guide tapes to reveal your newly applied decal.
